

MIL-Spec and Aerospace

AFT Fasteners is a trusted distributor of fasteners, which meet or exceed most MIL-Spec, aerospace and private specifications. We provide parts that are fully traceable and certified with Material Test Reports (MTR's), Certification of Conformance (COC's) and DFARS available upon request.

AFT understands the complexities and responsibilities of being a vendor to the US government, its military branches and private aerospace industries. Strict compliance with MIL-I-45208A quality assurance specifications is often required, and AFT can provide your business with the certified parts you need.

AFT distributes over 200,000 products, including:
