

# Eccentric clamp module style E

## Item description/product images

## Description

### Material:

Body steel.

Cam levers cast aluminum.

### Version:

Body black oxidized.

T-nut electro zinc-plated.

Cam levers black powder coated.

### Note:

The clamp module is inserted into the T-slot from above and secured using the cam lever, no other tools required.

### Benefits:

The eccentric clamp modules can be used on conventional aluminum profile systems or on T-slot tables as stops, fasteners or clamps for components and workpieces.
