

Edge protection profiles with steel retaining strip, style C

Item description/product images

Description

Material:

PVC.

Version:

black.

Note:

The edge protection profiles are used to cover and decorate the sharp edges of cut plate so that no additional processing is required.

Assembly:

Easy, quick and smooth assembly. The edge protection profile is easy to push on by hand, and remains in place even on radii or bends. No adhesive or fastening material required.

On request:

Other lengths.

Minimum bend radius:

Drawings
